GT New Horizons

Printing Press

This is a helpful tool that can be used to duplicate enchanted books. This is very useful for enchanting loot bags to get better rewards.

Tools

Typesetting Table

This block enchants the Print Press Chase. This has some tools that make the process simpler.

Reading Glasses

These allow you to see the amount of exp required to enchant the Print Press Chase. These are not necessary to the process.

Note: There is an enchantment called "Reading 1" that does the same thing as the glasses.

Printing Press

Uses ink sacs, plain books, and the enchanted Print Press Chase. It makes a book and consumes 1 book, ink sac, and 1 point of durability from the press. (It only has 3)

Printing Press Plate

Gets enchanted on the Typesetting Table. It can be used to copy 3 books in the Printing Press before it breaks.

Method

Step 1

Place a book into the bottom left slot of the Typesetting Table, and a Print Press Chase in the top slot.

Step 2

Shift right click the enchanted book, if you have enough exp, the book will vanish, and next to it you will get an enchanted Print Press Chase.

Step 3

More information   OK

Place the enchanted plate into the middle of the Printing Press, place ink sacs onto the top pedestal, and place books on the left side of the front plate. The machine will start working automatically. It will make 3 books before the Print Press Chase breaks, and you must craft a new one.

Picture Step-by-Step

An Empty Typesetting table.

Typesetting Table with Print Press Chase.
